We offer one of the largest choices of modular panel systems available. Four panel styles provide display systems suitable for all types of event or budget, from portable displays or presentations to large sophisticated exhibition stands.

Our CAD design team is able to provide innovative exhibition display layouts, from standard panel components or from custom size panels, in a wide choice of colours.

Jumbo Panels

- 1.8m or 2m (h) x 1m (w) panels in loop nylon for attractive booths, back walls and screens
- Cost effective
- User-friendly

Junior & Senior Kits

Available in Baseline and Contender

Both the Junior and Senior kits are ideal for training environments and come complete with header and carry bag.
